Burglary

1901 E. Moreland Blvd, City of Waukesha

WAUKESHA, Wis. – Nine (9) motor vehicles were stolen on Sunday, February 18th, 2024, at approximately 6:00AM. Officers responded to the Jaguar/Land Rover car dealership on this morning at 9:00am upon receiving information from a maintenance worker that there was significant damage to an overhead service garage door. As investigators worked with team members from the dealership, it was discovered eight vehicles belonged to the dealership and one vehicle belonged to a customer.

We believe this to be an organized crime group of teenagers from the Chicago area. As the nine vehicles were fleeing the scene, a vehicle pursuit ensued by another law enforcement agency. That agency was able to arrest one of the teenagers. We have a team of investigators that have been working throughout the day with multiple law enforcement agencies. We have been able to recover two of the nine vehicles already. We are grateful for the support from the area law enforcement partners.
